Financial update – request to AEP for \$300,000 minus the estimated surplus of \$40,000: anticipated \$260,000. Reminder to please get any expenses or honorariums in today or tomorrow for year-end.

Discussion points:

- Recommendation from government representative re: watershed planner – explain that this position is required not just on IWMP but also to work with other groups (e.g. Baptiste and Island Lake, Lac la Biche, etc.)
- Note that the Lower Athabasca Regional Land Use Plan is under review
- The
- La La Biche County is waiting for regional plans before changing any bylaws
- Who is doing what in the region? Questions of authority and how to plan together some confusion on governance in the region.

Discussion regarding honorariums for external events to be tabled: **Action:** Finance Committee to establish a policy.

MOTION: Tim moved to pay cell phone charges for Brian and the Hiring Committee when on HR calls. Cleo seconded.

Approved by consensus.

d. Human Resources (HR) Committee Report

The committee recommended updating staff overtime policy such that 1 hour of banked overtime becomes 1.5 hour. Changes will be made to the Employee Handbook. Safe work place practices need to be included in the Employee Handbook.

Lunch Break (12:00 - 1:00 p.m.)

e. Integrated Watershed Management Plan (IWMP) Committee Report

Brian reported the group met and will continue to advance the plan. The committee will use material from the "Guide to watershed management planning in Alberta" to guide its work. The Board discussed how the Athabasca is a large watershed – it is a challenge to manage the entire area: might break down by sub- or tertiary-watersheds. Might also look at themes such as drinking water, water quality, dissolved oxygen, etc. Dave Mussell supported the IWMP committee in better understanding the inter-relationship to governance and policy development as to where / how the integration happens in Alberta, management of data, how is it measured, intentional use and access, etc.

9. Executive Director's Report

MOTION: Marcel moved to accept the written report of the Interim Executive Director (unable to attend today). Robert Holmberg Seconded.

Approved by consensus.

10. Memberships

Discussion was held regarding membership and procedures to maintain the membership list. Is the onus on the member to renew their membership on a yearly basis and who and how would that information be managed? How is "organizational membership" different from individual membership? Other points in the discussion included:

- Data management of the records and length the name remains on list
- Need to renew 30 days before an annual meeting?
- Membership update renewals and how are members notified?
- Newsletter communication frequency to inform membership of activities and opportunities to participate in the work of the Athabasca WPAC.
- The WPAC already has a MailChimp account which can be set up so people no longer wanting to remain as members can opt out via on-line notices.

Action: Communications and Outreach committee will review and propose a recommendation regarding membership.

11. Collaborations and Event Updates

- a. A member asked if the various plans (strategic, financial, workplan, board terms of reference, etc.) and committees (e.g. Technical, Communications, etc.) of the board were coordinated to work together effectively? A reminder was made that there are protocols when speaking on behalf of the AWC-WPAC we are not a lobby group but rather a forum for different perspectives to be shared. We are guided by the Water for Life strategy.

riparian assessment and restoration - applications due in October. Growing Forward 3 funding has also been renewed. Finally, there is some funding going to research on greenhouse gas (ghg) emissions from agriculture to understand the small creeks and landscape management within a watershed (e.g. Pine Creek in Amber Valley region).

- Tom / Larry no updates.
- Dan Interested in looking at small creeks after a fire and what happens for source water in the watershed – perhaps support a project in the region on something.
- Robert E. no update
- Cleo Noted that the Site C dam (for hydroelectricity generation) discussions are ongoing. The Bennett Dam upstream of Site C affected muskrat populations in the Athabasca Delta when it was built in the 1970s. She also noted that Treaty Days in Fort McMurray is happening in June.
- Tim has some ideas about marketing the WPAC to outside organizations via conversations and trade shows, etc. Wondered if there were any grants from other organizations to help with the work we can do.
- Molly noted World Water Day March 22, 2018 Earth Day April 22, 2018 Environmental Services introduced to Agricultural services at the County to connect the riparian to watershed. Saving money or helping the local councils what is the (value) we are providing to others in the basin?
- Randi glad to be in the gathering where she gained insight and understanding.
- Janice provided an update on Pine Creek
- Brian provided an update on Stewards of Lac La Biche Watershed Society.

Recess at 4:00 p.m. Members reconvened for dinner at 5:30 p.m. Following dinner, the keynote speaker for the evening was Board Member Robert Holmberg, with a presentation on the history of the Athabasca watershed. Additionally, Marie Bay Breiner (Outreach Co-Ordinator) shared her presentation to municipalities on the work of the AWC. Marie asked for feedback in order to improve future presentations.

Meeting continued March 16, 2018

Donna Webster from the Lac La Biche Canadian Native Friendship Centre provided a day long workshop in Indigenous Awareness Training for the board and staff.

MOTION: Dan Moore moved to adjourn at 3:58 p.m.

Approved by consensus.
